

Hand Protection

Metalmix Fiber Series

Item No: PES3230

Description:

13-gauge grey HPPE/glass fiber seamless knit liner featuring grey PU palm coated.

Key selling points

EN388 Level B cut resistance protection with lightweight and dexterity.

Staple fiber knitted liner, hairy surface feels more like cotton, and fit hands better.

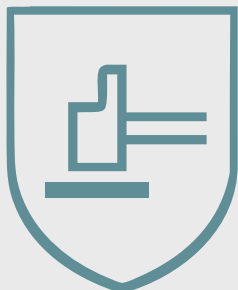

Great sweat evaporation performance, help working hands stay dry and cool.

The coating combines better with staple fibers, more durable for long time use.

Certification

EN388:2016

4X42B
